EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Arthur W. Fisher, III on September 12, 2005.

The application has been amended as follows: On page 5, line 15 of the Specification, please delete "5,028,04" and insert "5,028,804".

Allowable Subject Matter

2. Claims 4-14 and 19 are allowed.
3. The following is an examiner's statement of reasons for allowance.

The prior art of record, taken alone or in combination, does not teaches the construction of an electromechanical energy conversion system as described on independent claim 19, comprising:

an energy converter device coupled between the input energy source and the output energy load to receive and to convert energy from the input energy source, and to transfer the converted energy to the output energy load and an energy conversion and transfer control operatively coupled to said energy converter device to control the conversion of energy from the input energy source and energy transfer to the output energy load by said energy converter device in response to a plurality of predetermined conditions.

Art Unit: 2834

Dependent claims 4-14 are considered allowable by their dependence on allowed independent claim 19.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
